

STEM Fest Exploration Guide

Welcome to NIU STEM Fest! We hope you have a great time exploring the exhibits we have this year on campus. Our exhibitors are excited to engage with you and are ready to answer any question! However, if you're looking for some suggestions, you can consider using the provided questions below.

1. What is this station (exhibit) about?
2. Which part of STEAM are we using the most? How?
3. What do you do for your job?
4. How did you learn how to do your job? Did you go to college?
5. How did you become interested in this?
6. What makes doing this fun?
7. What are some things the people you work with do as part of your team?
8. What do you think is most interesting about this? Why?
9. How does this connect to STEM careers?
10. What skill do you think is most important to be successful with this?
